M. C. M. MASONS PLAN BANQUET

TO HOLD REUNION AT SCOTT
HOTEL WEDNESDAY EVEN-
ING—ALUMNI OF COLLEGE
ARE INVITED.

A banquet will be held at the Scott Hotel at Hancock, Wednesday evening, Washington's birthday, by the Masons attending the Michigan College of Mines, to which all the instructors and professors and all alumni who belong to the masonic order have been invited. There are about thirty Masons in the M. C. M., members of lodges from all over the United States, England and Canada, and a number of the Copper country alumni are Masons, James Fischer, professor of mathematics, will act as toastmaster.

The idea originated with Messrs. Gates and Gibbons, two students at the college, and met with instant approval and favor. It is believed the event will be a great success.

Other Affairs at College.
The mining trips have now begun in earnest, especially those to the copper country mines. Two parties left Saturday morning for all day trips, one party to the Ahmeek mine and the other to the Champion mine. Other excursions are being arranged for this week by Prof. F. W. Spurr of the mining engineering department.

A Washington's Birthday dance will be given at the college gymnasium Saturday evening, February 25. This will be one of the regular dances of the college boys and refreshments will be served. Music will be furnished by Klinghammer's orchestra.

The varsity basketball team is playing a series of games to be played this and next month. Games probably will be secured with the Calumet Independents, Crystal Falls, the Marquette Normal teams and other strong aggregations in the upper peninsula.

Present Play in Spring.
The play which is to be produced by students during the spring recess, is being given considerable attention by the participants. It is a standard comic opera, full of catchy music and sparkling comedy. The plot deals with a young mining student who "getting in wrong" with the faculty and his father is sent by paternal edict to look after mining interests in Tubero, a mythical country in Central America. An old historic legend of the conquest of Cortez and an up-to-date revolution bring in many funny complications. The book is the work of Frank Hashaw, Jr. The music was written by Geo. A. Davis and the lyrics by David Reed. In addition two new songs by C. F. Schaber will be included, one of them being a new College of Mines song. The cast and chorus are working hard on their parts under the direction of "Spiker" Schaber. The first production will be at the Kerredge theater.

Making Vacuum System.
The vacuum system which is being installed at the Michigan College of Mines will soon be ready. The students are building their own air compressor in the shops, according to the plans drawn by Prof. Hood. The necessary machinery is all being built by the students in the forge department. An exact duplicate of a Corliss engine is being made, the cylinder of which will contain air instead of steam. The whole undertaking will result in a great saving to the school, both in the manufacturing of the plant and the ease with which the school rooms can be cleaned in the future. The students are also gaining valuable

STOMACH TROUBLE GOES.
No indigestion, Gas, Sourness or Dyspepsia Five Minutes Later.

There would not be a case of indigestion here if readers who are subject to Stomach trouble knew the tremendous anti-ferment and digestive virtue contained in Diapensin. This harmless preparation will digest a heavy meal without the slightest fuss or discomfort, and relieve the sour, acid stomach in five minutes, besides overcoming all food, Nauseous odors from the breath.

Ask your pharmacist to show you the formula, plainly printed on each 50-cent case of Pape's Diapensin, then you will readily understand why this promptly cures indigestion and removes such symptoms as heartburn, a feeling like a lump of lead in the stomach, Belching of Gas and Eructations of undigested food, water brash, Nausea, Headache, Biloousness and many other bad symptoms; and, besides, you will not need laxatives to keep your stomach, liver and intestines clean and fresh.

If your Stomach is sour and full of gas, or your food doesn't digest, and your meals don't seem to fit, why not get a 50-cent case from your druggist and make life worth living? Absolute relief from Stomach misery and perfect digestion of anything you eat is sure to follow five minutes after, and, besides, one case is sufficient to cure a whole family of such trouble.

Surely, a harmless, inexpensive preparation like Diapensin, which will always, either at daytime or during night, relieve your stomach misery and digest your meals, is about as handy and valuable a thing as you could have in the house.

experience in this working on practical machinery and Instructor T. Richards who is in charge of the work estimates that only one half of one percent of the material used will go to waste.

Alumni Organize.
J. N. Woodworth and O. R. Hamilton, alumni of the college now located at Iron River, visited the college last week, and are spending a short time with friends in the copper country.

READY FOR CUP SERIES.
Houghton and Calumet High Schools To Compete for Sheldon Trophy.
For the first time since hockey was introduced as a high school sport years ago, the Calumet high school team will compete with Houghton for the R. Skiff Sheldon cup, which was offered last year by Mr. Sheldon to the high school team winning the same three years in succession. Houghton has now won it once. The terms on which the cup is to be competed for are that the two leading teams at the end of the high school season, play two games at the Amphidrome or until one team has a majority of games won. Manager McNamara has not yet set the dates for these two games.

Calumet attained to this position by defeating the Hancock high school team at the Palestra Saturday afternoon with a score of two to one. Two cups have been played for in eight years that there has been high school hockey in the copper country, both being donated by the Amphidrome.

The first was won by Hancock and the second by Houghton.
An exhibition hockey game was played Saturday afternoon at the Amphidrome between the Houghton high school team and regulars from the Dollar Bay team, resulting in a victory for Houghton by the score of 3 to 2. The games were very fast and exciting and it was only until the last minute of play that Houghton brought the deciding score for Houghton.

The line-up follows:
Houghton Dollar Bay
Dollinger—goal—Johnson.
Chynoweth—point—Cullman.
Alt—cover point—Kitts.
Hannett—center—Barkell.
Croze—cover—Richards.
Mills—left wing—Jewell.
Risinger—right wing—Matson.
Time of halves 20 minutes.
Referee Slusser.

START ROD AND GUN CLUB.
Sportsmen Hold Meeting At L'Anse And Take Action.
The Silver River Rod and Gun Club was organized at L'Anse Tuesday evening with a membership of eighty, says the L'Anse Sentinel. The constitution and by-laws were adopted and the following officers chosen.

President—Joseph J. O'Connor.
Vice President—Mrs. Sarah Blankenhorn.
Secretary—Harris G. Smith.
Treasurer—Matt Hansen.
An executive committee was appointed. The members are Herman J. Seifert, Charles Fisher, Peter Cline, Louis Menard, Edward Sicotte, Thomas Toivon.

An application will be made at once for a rod, so that the many good streams in this vicinity can be stocked. In the near future, as soon as enough funds are on hand, the club will secure a number of traps and clay pigeons, so that the members may become proficient in the shooting of birds on the wing.

PURSUES WITH RAZOR.
Matt Strang, Disorderly, Is Given Thirty Days in Jail.
Matt Strang of Dodgeville was given thirty days in the county jail by Justice Little this morning after pleading guilty to the charge of being disorderly. It appears that Strang was celebrating pay-day in his own peculiar manner and enthusiasm getting the better of his judgment in an argument, he tried to force his ideas on a fellow companion with a razor. His companion ran away from him and a chase began, but Strang was finally disarmed and his spree ended up in the county jail Saturday night. Matt Strang was the object of Strang's animosity, but escaped uninjured.

MORE FOR CITIZENSHIP.
Naturalization Applicants Continue to Interview County Clerk.
A class of applicants for citizenship were brought to Houghton Saturday evening by Emil F. Prince of Lake Linden. Applications for naturalization continue to come in very fast. Following is a list of those posted this

morning in County Clerk Kaiser's office; giving date of their arrival at Lake Linden. All are Canadians who landed at Port Huron:
Narcisse Briere, 1880; Joseph DuCharme, 1884; Joseph Montanbeau, 1888; Amedee Chaput, 1885; George Cloutier, 1875; Baptiste Pelant, 1874; Joseph Provencal, 1878.
Other applicants are: Alex Rivest, Canada, Hubbell, 800, 1903; Theodore Otto, Germany, Houghton, New York, 1872.

HOUGHTON BREVITIES.
A daughter was born to Mr. and Mrs. William Hiles of Houghton, Saturday. James K. Verner of Chicago is spending a few days in Houghton on business.
Henry Steffens has left for his home in Peuligo, Wis., where he will visit for a few weeks.
Mrs. John A. Olmstead of Appleton, Wis., is the guest of her parents Mr. and Mrs. Casper Brand.

The West Houghton Bridge club meet this afternoon at the home of Mrs. George Conrad for the regular weekly meeting.
The funeral of the late Mrs. Cornelius Shea of Ironwood was held this morning from St. Ignatius church with interment at Forest Hill.
Mr. and Mrs. A. E. Spaulding have moved from their residence at 306 Douglas street, West Houghton, to Pilgrim Terrace, East Houghton.
Helen, the eighteen-months-old daughter of Mr. and Mrs. William Shea of Douglas street, died suddenly Saturday night. The funeral will be held this afternoon from St. Ignatius church.

There will be a convention of the Republicans of Portage township at the village hall next Friday night for the purpose of naming delegates to the Republican county convention to be held February 27.
Secretary McNamara of the Copper Country Fair is preparing for the annual big distribution of free seeds through his office in the Amphidrome. He has made requisition for 700 packages, which is 200 packages greater than in any previous year.

The death of George MacIntosh, an inmate of the Houghton county infirmary, occurred yesterday afternoon. He was aged 76. The deceased died of old age and leaves no relatives as far as is known. He was born in Canada. The funeral was held this afternoon at the county infirmary with interment at the poor farm cemetery.

MARRIAGE LICENSES.
The following marriage licenses were issued by County Clerk Kaiser Saturday afternoon:
Alex McCabe of Laurium and Alberta Collins of Ahmeek.
Charles Bradley and Annie Roberts of Boston.
Henry Kahler of Hubbard and Edith Wareham of Lake Linden.
Ella Lantto and Sophia Lantto of Hancock.
Charles Wilkings, Jr., and Alice Couch of Redridge.
Rudolph Lundstrom of South Dakota and Gertrude M. Simonson of Calumet.
Evert Laro and Aino Lantto of Hancock.

MEMORINEE CONVENTION.
Copper Country to Have Good Representation This Week.
A large number of copper country people left yesterday for Menominee to attend the convention for the organization of an Upper Peninsula Publicity league. Houghton was the first municipality to recognize the convention officially and appointed Frank Hildebrandt as a delegate. The Houghton county board of supervisors followed the move of the village council, but instead of paying all expenses as the village will do, Supervisor Hammar and Moss will go at their own expense, simply as delegates.

The opposition to the movement which is being led by Joseph Brunneau, a Houghton county farmer, on the ground that the league is being formed for the purpose of helping those big land owners to sell their lands, was answered by a copper country business man last week.
"What of it?" he said. "The big land owners might be benefited a little at first but the ultimate benefit will be for the people. The people who buy land will settle on it and farm it and increase the productivity of this district. As their farms are developed they will increase in value and all other farms lands as well feel the benefit of the increased agricultural activities. It will keep the people now in the upper peninsula from going to other parts of the United States to purchase farms and they will learn that the upper peninsula soil is just as fertile as that in any other section of the country."

WANTS \$20,000 DAMAGES.
Duluth Contractor Sued for That Amount by Ironwood Man.
John Morenen of Ironwood has instituted a suit for \$20,000 against P. McDonnell, the Duluth contractor, on account of injuries sustained by Morenen while the latter was in the employ of McDonnell last summer. Morenen alleges that while he was eating his dinner at the usual place at the crushing plant north of the city on July 22 last, McDonnell's men set off a blast without warning him and a piece of rock flew over and struck Morenen on the leg, as a result of which he was in the hospital for many weeks and still is unable to walk without the use of crutches.
It used to be said that the only good Indians were dead ones. The same might be said of husbands, and other excellent people.

GUN CLUB GOES TO ISHPERING

TEAM WHICH WILL COMPETE
WITH ISHPERING FOR U. P.
CHAMPIONSHIP IS AN-
NOUNCED.

The Houghton Gun club team selected to compete with the team of the Ishpeming Gun club on Wednesday morning, Washington's birthday, leaves tomorrow evening and will be composed of the following: R. M. Edwards, J. H. Rice, Leigh Swift, P. D. Swift, J. J. Zealand, J. C. Pryor, J. Orrison and Jeff Alexander.

The 31st annual tournament of the Ishpeming Ski club will be held in the afternoon and the two teams have arranged to attend.

The shoot is to be held on a field below the ski hill and a good contest is expected. A similar shoot was held last year on Washington's birthday and resulted in victory for the Hemetite shooters. Houghton won the tournament held in Houghton this year and the present meet will be held to determine the championship of the upper peninsula.

Paul Swift won yesterday's shoot making a score of 86 out of a possible hundred.

A large number of Houghton residents will also leave tomorrow afternoon and evening for Ishpeming to attend the ski tournament. The cold of the past few days will serve to put the hill in excellent condition and a new hill record is expected.

UPPER PENINSULA

ADMITTED TO BAR.

Ishpeming Young Man Can Now Practice Law in Tennessee.

Lawrence E. Barnett, son of Dr. G. G. Barnett of Ishpeming, who has been attending the law school at the University of Chattanooga, Tenn., was one of twenty-one out of fifty-four applicants who recently took and passed the state examination at Nashville, Tenn.

Mr. Barnett will not finish his course in the university until next June, and inasmuch as he has been a student there for only two years he certainly did well in passing the examination. Upon the completion of his course at Chattanooga he intends to take another year of law in one of the Eastern colleges.

The students who took the examination at Nashville came from various colleges in the state, but the applicants from the University of Chattanooga had a higher percentage than those from any of the other schools. This fact was generally commented upon, and because of the fine showing the Chattanooga students made in the examination they were tendered a reception and banquet upon their return. The affair was conducted under supervision of Major Charles Evans, who has charge of the law department of the university. Major Evans is a cousin of "fighting" Bob Evans of national fame.

OBJECT TO DIVISION.
Menominee People Don't Want To Enter New Congressional District.

Menominee people object seriously to the new apportionment which will leave them in the twelfth district with several counties in the lower peninsula. According to the proposed plan to re-divide the state, six counties in the lower peninsula are added to seven from the upper peninsula, including Menominee and Delta and designated as the twelfth congressional district. The new district makes a shoe string of upper peninsula portion, taking in

FREE IF IT FAILS
Your Money Back if You Are Not Satisfied with the Medicine We Recommend.

We are so positive that our remedy will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicine at our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is dangerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

We want you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons and old folks, as well as for the robust. They act directly on the nerves on other associate organs or glands. They do not purge, cause excessive looseness nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation. If not of surgical variety, and the myriads of associate or dependent chronic ailments, if taken with regularity for a reasonable length of time, 12 tablets, 10 cents; 26 tablets, 25 cents. Sold in Calumet only at our store.—The Rexall Store, Vastbinder & Read.

Vertin Brothers

the counties of Mackinac, Schoolcraft, Delta, Chippewa, Luce, Alger and Menominee, most of them along the lower lakes.

The other eight counties of the upper peninsula are included in one district, the thirteenth and it is part of this district that Menominee desires to become. It is possible that the republican county convention will pass resolutions on this subject although this may be deemed inadvisable. It is certain that Menominee will put up a strong fight to retain her place in the upper peninsula district with which she is more united in interests.

Eighty-five thousand square miles of land are drained by Lake Superior.
